THEME

Heap good smoke signals come from peace pipes. We as Fullerton Indians have proven during this past year that we are worthy of the reputation that ours is a peaceful and friendly reservation. In the following chronicle of the year's events we have attempted to show the importance of our activities in relation to the friendly atmosphere of the FUHS campus. We have endeavored to make known the activities in which the Fullerton tribe takes part that have put our reservation on the map. Locally, our reputation stems from the friendly relationship between the chiefs of the reservation, the students and the community. In this respect we are not faultless, but in projects like "Operation SOC" the Indians worked to improve. Putting our campus on a county map was accomplished by such activities as GAA playdays where Fullerton girls met other girls from all over the county.

Displays of both good sportsmanship and excellence in various fields gave Fullerton's reputation state-wide scope through such activities as boys' athletics, dramatics and forensic work.

On the national scene, Fullerton's accomplishments in the field most important to eventual international peace were displayed. That field—scholarship. Three students of the Fullerton tribe qualified as finalists in the National Merit Association Scholarship testing program. Five other Fullerton students received letters of commendation from the association.

Fullerton's contributions to the attainment of world peace included sponsorship of two foreign exchange students, a clothing drive for the benefit of the needy citizens of Mexico and acting as foster parents for a young war orphan.

To the Indian a peace pipe was symbolic of peace and friendliness. We feel that peace is an important goal of mankind and that we, the inhabitants of the FUHS reservation, should attempt to inspire others by what we have done toward that end. For these reasons we have chosen as the theme of the 1959 Pleiades "Peace pipes of the Indians."

The primary objective of school is to educate the students enrolled. Nothing is more basic to peace than understanding; understanding stems from knowledge. Seeking to help all students who wish to receive some of that knowledge, our administrators are always occupied with work. Yet they too, display the friendly spirit of the Fullerton tribe. Their doors are open, their hands are extended in welcome and their willingness to cooperate with and to help all members of the student body is always evident.

PRINCIPAL

Donald C. Cruickshank, principal.

Another year has been added to the history of Fullerton Union High School — one of outstanding accomplishments in the fields of academic endeavors, student government, and cocurricular activities. Our school has again taken its place among the top schools of the nation.

Many scholarships and awards have been garnered by our students in many fields. Better citizenship has been one of the goals of our school, with the sincere hope that a better community, state and nation will be the result.

Students have been given the finest opportunity to develop initiative and self-reliance which should in return provide for a successful and happy future.

Our very best wishes go with each and every student as he leaves Fullerton Union High School to further his education or to his place in the business or professional world. Best of luck!

Donald C. Cruickshank

DEAN OF GIRLS

To the legendary Indian the peace pipe denoted acceptance and friendship. So, too, the Fullerton Indians have followed in their ancestors' footsteps and have become known as a friendly tribe.
Among the tepees of our reservation and around our council fires tolerance, understanding and unquestioning acceptance have become traditional.

Dorothea H. Spears

DEAN OF BOYS

Every year leaves behind it things fondly to be remembered. This year has been indeed special in this respect.
This was a year of challenges. This was a year that called upon the best in all of us. These challenges were met in the best Indian tradition.
To the men and women of our communities for their appreciation and generosity, to our Board of Trustees for their unselfish and tireless efforts, to my colleagues and co-workers for their dedication to the noblest profession of them all and to the finest student body anywhere—my thanks and warmest wishes.

Robert J. Keil

Dear Mary:

Well we finally made it through Algebra. Maybe not very well, but we made it. I love the little note you wrote yourself that was playing it cool. Just think next year you'll be a upper - lower. Good luck in anything you try. I have really enjoyed having you in my class. I hope to see you this summer and don't try to get a tan all in one day, the worst of experience.

Love ya

Among the senior Indians donning caps and gowns in June are two foreign exchange students. Sponsored by FUHS these new tribe members were brought to Fullerton for the year through the American Field Service to help promote world understanding. We are proud to have two additional fine Indians on campus.

Lesley Adams

With her sunny smile and cheery hello, Lesley made many lasting friendships at FUHS.

Through her active participation in GAA, she earned an honorary position on the GAA cabinet and membership in Big F.

Upon thought of leaving Fullerton for her home in New Zealand, Lesley had this to say, "Although it's time for me to say goodbye, I'll just leave with these few words . . . see you again sometime, best of luck and thanks for everything."

Pierre Bruneaux

Pierre, a jovial, sports-loving Frenchman, quickly adapted to our American customs. Although football was comparatively new to him, he attended the games and grew to be an avid fan.

As an active member of Key club, French club, World Friendship club and student congress, he gained recognition on our campus.

Pierre says that his visit to America has been very interesting and rewarding, and someday he would like to come again.

Beth Barnet

Four years of work culminated for Beth Barnet at graduation exercises, where she was presented as the 1959 valedictorian. Beth was commended for her scholastic standing previously in the year when the National Merit Scholarship Association awarded her a certificate of merit.

During her senior year Beth served as a student court justice, and was an active member of Pleiads and GAA.

Beth intends to take a liberal arts course in college, and enter into elementary teaching.

WE GIVE OUR BE
TO THE
DID YO

Not one, but all of the classes on the FUHS reservation spent their free hours collecting used but usable clothes to be sent to the needy families of Mexico. Helping our friends south of the border exemplified the Fullerton spirit of friendship and acceptance.

CLASSES

Mary,
This year has really been terrific huh (even if English was kind of a drag.) Be Good Mary & have fun this summer.

IN MEMORIAM
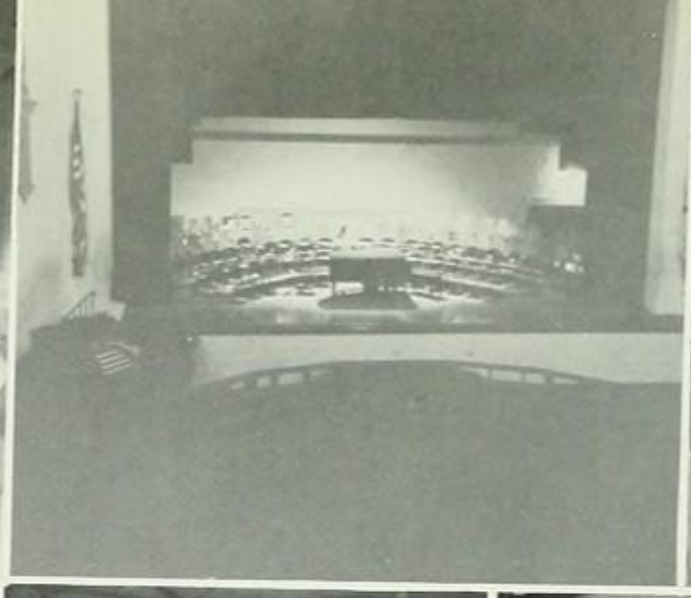
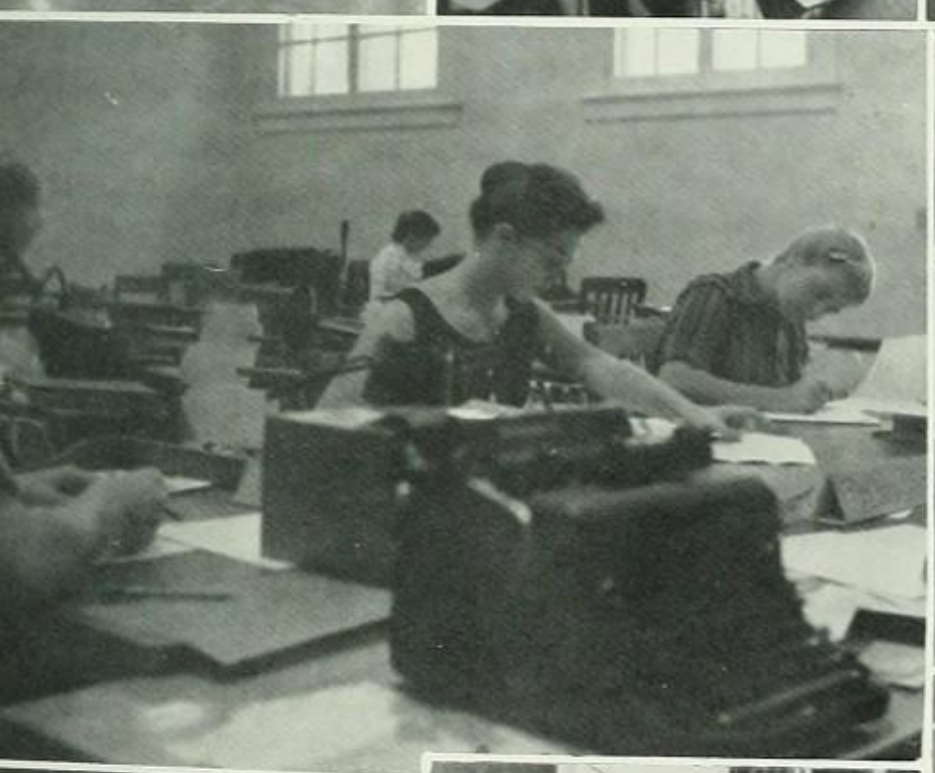
Ford Tucker





We Indians are fortunate to have as part of our communication system the Weekly Pleiades. Complaints are not censored, and opinions can be freely expressed in the paper. All of the members of the student body are given the opportunity to gain an understanding of campus issues. Understanding and peace walk hand in hand; thus our Pleiades is another symbol of the peace pipes of the Indians.

ACTIVITIES

Mary,

He presided over executive board meetings and assemblies, attended Orange County leadership and C.A.S.C. conferences and because of his wonderful friendliness with advisors and fellow students, brought the student body to a closer relationship during the 1958-1959 school year.

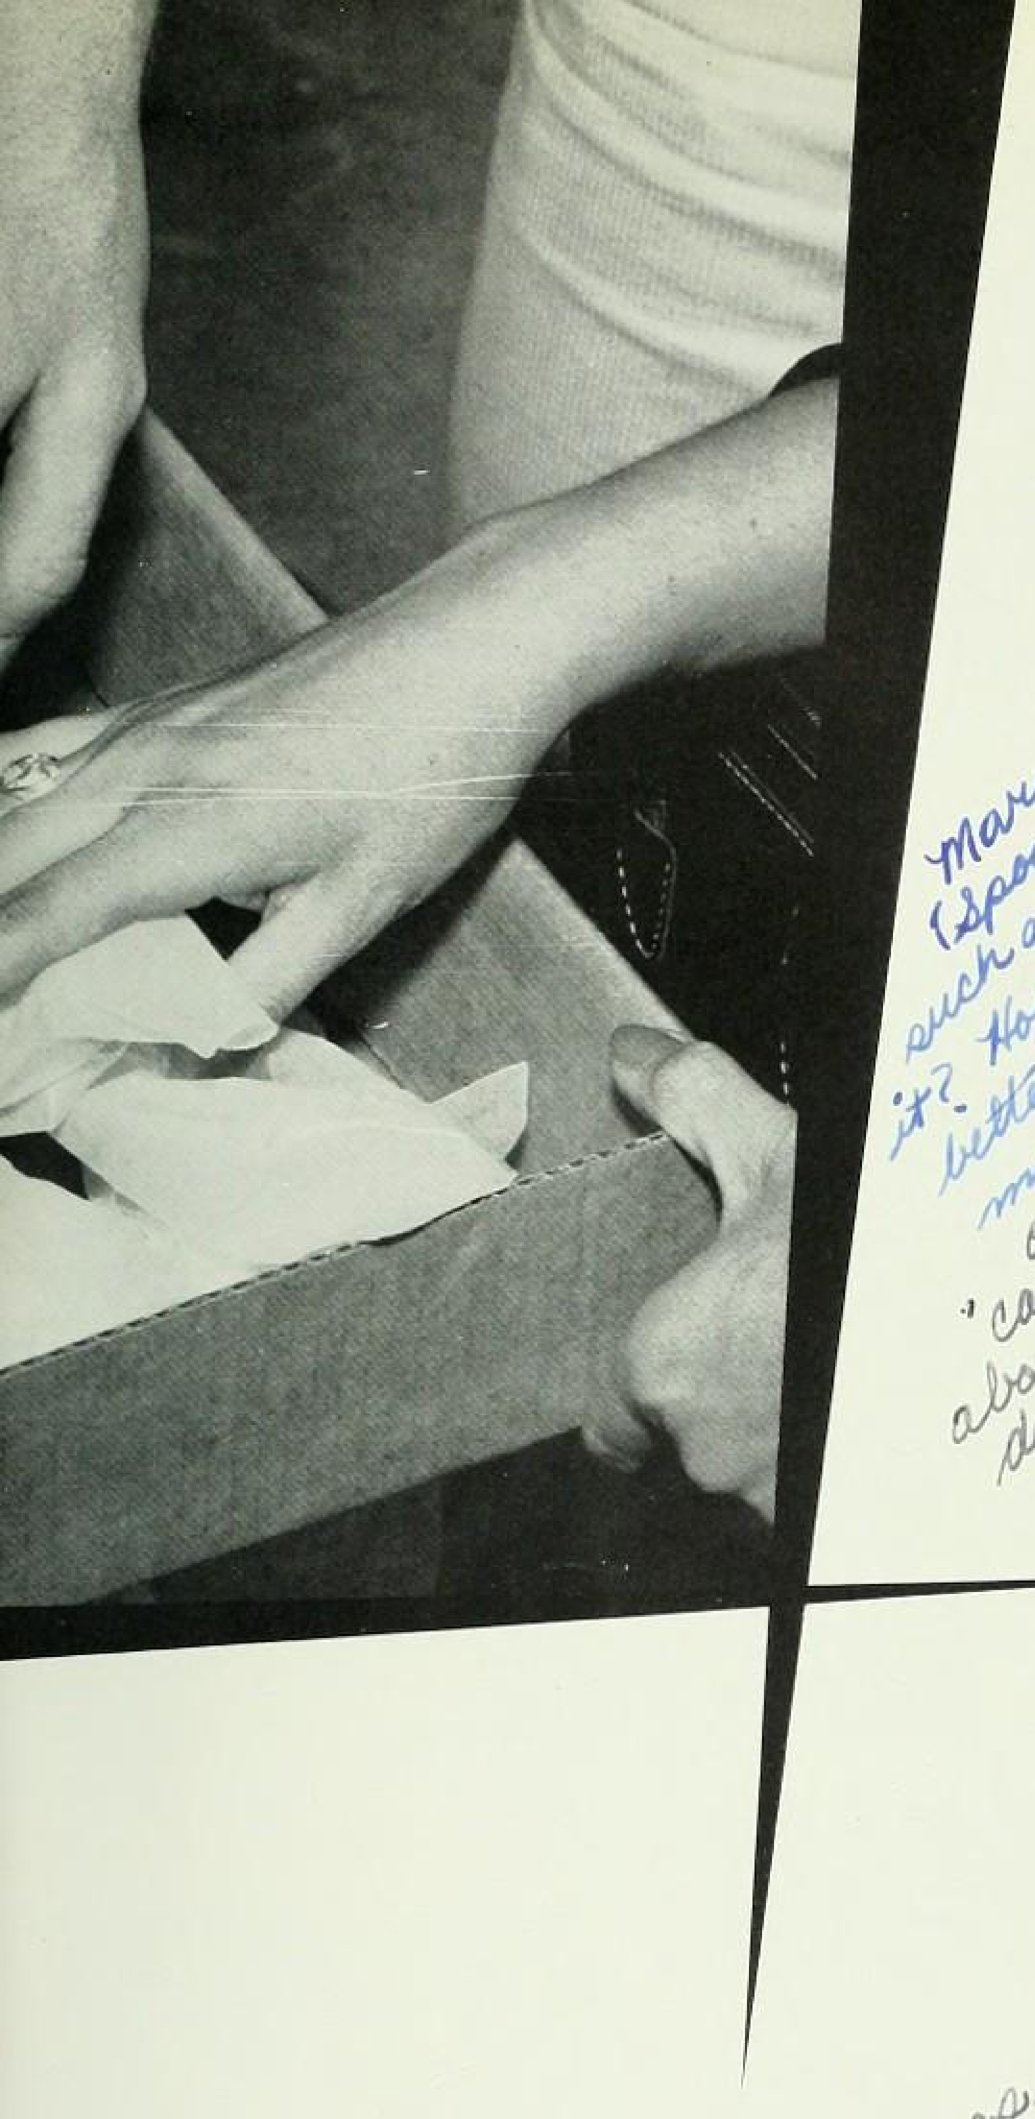
The ten-twelve break is often used by organizations of our tribe for such money raising projects as cookie, cup-cake, popcorn ball and carrot sales. A share of the profit from these projects is donated by individual clubs for the support of a young school boy in Europe through the combined efforts of clubs in the Inter-club council.



ORGANIZATIONS

Mary (Spook) — It's been such a nice year, hasn't it? Hope next year is even better and you'd better be in my P.E. class again! Hope no one else wants to use this page, 'cause I'm planning to fill it. Sorry about the colorful ink, but I ran out during my history exam. Remember me during the summers and please don't forget I insist when you're having fun with all your boyfriends. LUCKY GAL! Love this pen. You have such good tastes in the things you buy. (Ha! Ha!) Don't think I'm color blind, this was your suggestion! Wish I was gonna be in Orchestra next year but I'm not gonna be so---. Be sure and practice this summer so we can try out for Hathorettes and make it. O.K. Good Luck always, Love ya, Karen Horrocks

FUTUTE HEALTH LEADERS OF AMERICA

Fullerton High School's newest campus organization is the Future Health Leaders of America. Members obtain information concerning a future in any field of medicine. A visit to the geriatrics ward at Orange County Hospital, and a film entitled "Girls in White" were highlights of the year. Through this organization members are given the opportunity to learn about available scholarships given for training in their profession.

Acting as the example of a heap good Indian, Willie Ugh presents to everyone a picture of the Indian spirit. Though in reality Willie is a different Fullerton Indian each year, the friendly spirit which he typifies carries on from one year to the next. At one of the tribe's biggest special events, Pow Wow, a new Willie assumes office. Then the face beneath the head dress changes, but Willie remains the same.

Win or lose the Indian spirit of good sportsmanship prevails. That we Fullerton Indians are always behind our teams is evident when at the end of every game, we sing the words of our Alma Mater:

We are proud of all thy prowess, Fullerton!
And we thy colors bravely bear,
We will be thy loyal subjects ever;
Joy and grief we alike will with thee share.
Oh, F H S, thy name we love,
And ever staunch and true you'll find us;
We'll stand by thee through all eternity,
The red and white, so true!

If I wanted to I could sign your annual in Latin but since you are only Latin I and

I are Latin III you wouldn't be able to read it.

Guess who this is. Your old friend and buddy (??) I already signed your annual, but I thought I'd take up some more space. I didn't enjoy band too much because you were in it. But I'll recover. I don't see you this summer, and I'll try not to see you at all the rest of my life. I really hate telling you the truth like this because everybody says the truth hurts. Of course a bunch of lies about how nice you are, how beautiful you are. A pack of lies. I don't believe a word he says. But I guess he has his reasons. (I wonder what his motive is, Oh well, he'll probably succeed) Anyway if you keep trying, you may improve, but I doubt it. Have ha'sa horrible summer and ha'sa bad luck. I know you appreciate this so I quit!! Soooo long (I'll ask dale about that)
